

Start at home. **Stay at home.**

Help your peritoneal dialysis (PD) patients thrive at home.

CONNECTED HEALTH TECHNOLOGY* CAN IMPROVE OUTCOMES

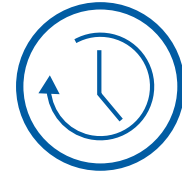

INCREASED TIME ON PERITONEAL DIALYSIS

Shown to increase average patient's length of stay on PD by 3.5 months

REDUCED DROPOUT

Demonstrated to reduce patient dropout by 15%

TIMELY INTERVENTION

With ongoing access to treatment data, clinicians can quickly make needed adjustments to keep patients on track

RELIABLE AND EASY TO USE

15,000** PATIENTS STRONG AND GROWING

More than 15,000 patients connected

A TRUSTED PARTNER

Created by Fresenius Renal Technologies, a division of Fresenius Medical Care, the nation's leading provider of dialysis products

NO INTERNET REQUIRED

Our Connected Health technology is cellular, so no Internet is required

Based on observational data collected as part of the following study: Giles H, Ficociello LH, Li Y, Ofsthun N, Mullon C, Kossmann RJ. Remote Patient Monitoring and Longevity on Peritoneal Dialysis [Abstract]. Peritoneal Dialysis International. March 2019; 39:S4.

* Available to select clinics only. Ask your sales representative for details.
