

YOUR CENTER. YOUR CHOICE.
YOUR FUTURE.

NCP creates, sustains and grows independent, outpatient hybrid cardiovascular centers across the United States. Working closely with physician partners, our model manages the entire development process from inception to completion. NCP handles all of the administrative duties, allowing physicians to focus on providing exceptional and innovative patient care.

For Physicians

NCP offers superior outpatient services with better clinical outcomes:

- Surgical Convenience and Scheduling
- Improved Productivity and Efficiency
- Increased Patient-Physician Interaction
- Clinical Device Autonomy

For Patients

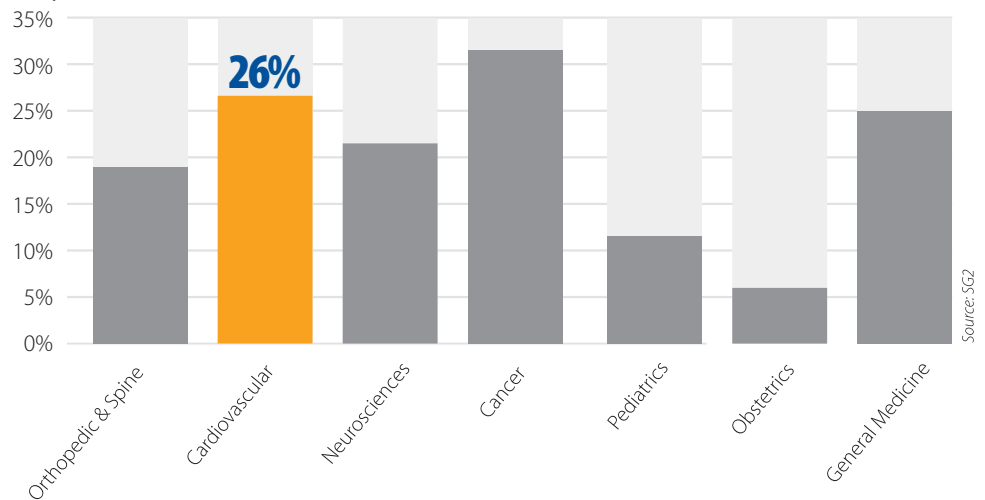

NCP brings years of experience in center development and its model has been optimized to improve patient experiences and outcomes:*

- Convenient & Comfortable Facilities
- Efficient and Personalized Experience
- High Quality Service
- 98% Patient Satisfaction Rate
