### **Less Cause for Alarms** *Removal of the Scale*

Set-Up	My My My Records
7/23/2019	8:47 PM
	step 2 Choose heater bag volume. 2L 3L 5L 6L
	Press next to continue

Choose your heater bag volume during initial setup.

Once selected, your choice becomes the default setting for your future treatments. You won't have to change it again unless your bag volume changes.

If needed, press **Back** to change your heater bag volume.

Value boxes are blank when the Personal Health Data screen first appears. This screen only appears after a completed treatment if the *personal data* option is set to **YES**.

Touch each individual box. When the color changes and the previous treatment values appear, use the Up/Down arrows to change the value.

INDICATIONS FOR USE: The Fresenius Liberty Select cycler is indicated for acute and chronic peritoneal dialysis. CAUTION: Federal (US) law restricts these devices to sale by or on order of a physician. NOTE: Read the Instructions for Use for safe and proper use of these devices. For a complete description of hazards, contraindications, side effects and precautions, see full package labeling at **www.fmcna.com**
