Fresenius Medical Care North America
Service Bulletin

Equipment: 2008K@Home Hemodialysis Machines
Bulletin: 20-HOM-001 Rev A
Subject: bibag® Disposable Installation Update

1.0 PURPOSE
To provide an update to the installation of a bibag® disposable onto the bibag® connector on bibag® equipped 2008K@Home™ Hemodialysis Machines.

2.0 SCOPE
As part of continuous improvement, the 2008K@Home™ User Guide (P/N 490180) is being updated to provide clarity and capture accurate intent of how to connect a bibag® disposable to the bibag® connector nozzles. The change applies to step (c) of the note listed below:

With the white bibag® handle facing outward, hang bibag® disposable on the bibag® connector nozzles. Push down where indicated in the figure below (red arrows) until it is fully seated onto the bibag® connector nozzles.

Once the bibag® disposable is fully seated, close bibag® door until it latches into place (an audible click is heard when door is closed)
