Why consider peritoneal dialysis?

- Peritoneal dialysis (PD) can offer many advantages—from allowing you to dialyze at home, to providing a more flexible treatment schedule.

That's why we created the Liberty® Select cyclor. Made with simplicity in mind, the Liberty Select cyclor makes your PD treatment easy and convenient, so you can feel confident dialyzing at home.

With features such as **flexible treatment options**; step-by-step, **on-screen instructions**; simple, **easy-to-understand resources**; and **around-the-clock product support**, dialyzing at home has never been so easy—or so freeing.

Features of the Liberty Select cycler

Flexible treatment options

Step-by-step on-screen instructions

Simple, easy-to-understand training resources

**Around-the-clock support from
our dialysis product experts**

With the Liberty Select cycler, dialyzing has never been so easy—or freeing.

It's easy to use

Here's some good news: you don't need to be a dialysis expert to use the Liberty Select cyler. It has a full-color touchscreen to give you step-by-step instructions on what to do from the start of treatment to the end. Plus, there are user-friendly items like color-coded tubing, a special tubing organizer, and an easy-to-load cassette designed to make setup easier. It even tells you what to do if something goes wrong.

Tubing organizer

Easy-to-load cassette

It fits into your life

Have a full day planned? Choose treatment at night while you sleep. Prefer to dialyze during the day? Choose daytime treatment while you catch up on your favorite TV shows. The Liberty Select cycler gives you the freedom to choose when and where to dialyze, so you can spend less time fitting in treatment and more time fitting in life.

It goes wherever you go

Do you like to travel? Our Liberty Select cycler does, too. Built with portability in mind, our Liberty Select cycler fits neatly on a nightstand and comes with an optional travel case and rolling cart. So, whether you're moving from room to room or state to state,* your cycler is ready to go with you.

*Travel anywhere within the United States. Restrictions on international and sea travel apply. Ask your home therapy nurse for further details.

Rolling travel cart

We're here for you

We know that it takes more than a good cycler to dialyze successfully at home. That's why our Liberty Select cycler comes with a team of experts and training tools to support you every step of the way.

Support Program

Designed to provide simple, helpful information, our support program includes:

- Educational flyers
- Worksheets to record your personal treatment information
- Training videos and more

Technical Support: 1-800-227-2572

Have a question about your machine? Our Technical Support team is available 7 days a week, 365 days a year. Just call and our friendly product experts will help answer your questions.

Customer Service: 1-800-323-5188

Need more supplies? Like our Technical Support team, our Customer Service team is available 7 days a week, 365 days a year to answer any questions about your PD supply orders, scheduled deliveries, and more.

Delivery service

Let us do the heavy lifting. Liberty Select cyclor supplies are delivered to your door by TruBlu Logistics®, our specialized delivery service. Our drivers are specifically trained to deliver your supplies to your storage location, count your inventory, rotate your stock and return any expired, overstocked, or damaged supplies.
